

Dear Commissioners, It has been most pleasant at supper time since I and my wife have been on Indiana's no call list. We were for a few years being bombarded with 8-10 calls every evening starting at around 5:30 and lasting to around 8:00 pm. We even got calls early on Sunday mornings. I urge you to not change things so we get these unwanted calls invading our privacy. We should not be bothered with telephone solicitation of any kind.
